Figure 10B is a cross-sectional view of a multi-layered structure. The structure consists of a central core 11 and two side regions 12. The core 11 is divided into three horizontal layers, each containing a central upward-pointing arrow labeled E1, E2, and E3 from bottom to top. The side regions 12 are also divided into three horizontal layers, each containing a central upward-pointing arrow. The top surface of the structure is labeled 13. The bottom surface is labeled 14. The side surfaces are labeled 15. The top surface of the side regions is labeled 16. The bottom surface of the side regions is labeled 16a. The width of the core 11 is labeled D1. The width of the side regions 12 is labeled D2. The total height of the structure is labeled H.
